

Patrick Lucansky - Strategic Partner
Six Sigma/Lean Enterprise Consultant

With over 25years experience, Patrick Lucansky has held a variety of positions from Production Manager to Director of Operations to Small Business Ownership. He has spent 10 years in private industry and 15 years in consulting. Pat's strengths are in Lean Manufacturing (Pull systems, SMED, 5S, VMI, Poka Yoke, TPM, Kanban, Kaizen Blitz events, RBS, Supply Chain, Demand Flow, MRP, JIT, FMS, BPR and SDWT's) Out-Sourcing, Business Analysis, Process Mapping & Pharmacovigilance. Industries worked in include discrete parts manufacturing, distributorships, bio-tech, and pharmaceuticals.

Mr. Lucansky has co-authored dozens of articles published in Pharma Chem Magazine (An international Pharma Journal) on the subject of Lean operations and one article published in the AME's Target magazine on supply chain redesign. He has made Lean presentations at a number of Association for Manufacturing Excellence conferences, ASQ Quality Expo, Lincoln Foundation, NAM, NIQC, and IMC and to firms like Pfizer, Bayer, Johnson and Johnson, Avery Dennison, Graphic Packaging and ICI-Dulux.

A proven Lean Six Sigma expert, Pat has assisted large organizational clients in implementing Lean Six Sigma.

Pat is a native of the Chicago area, where he currently resides.
